Foampak's Early Bird Winterization Special! Send us your adhesive rig for reconditioning & winterizing!

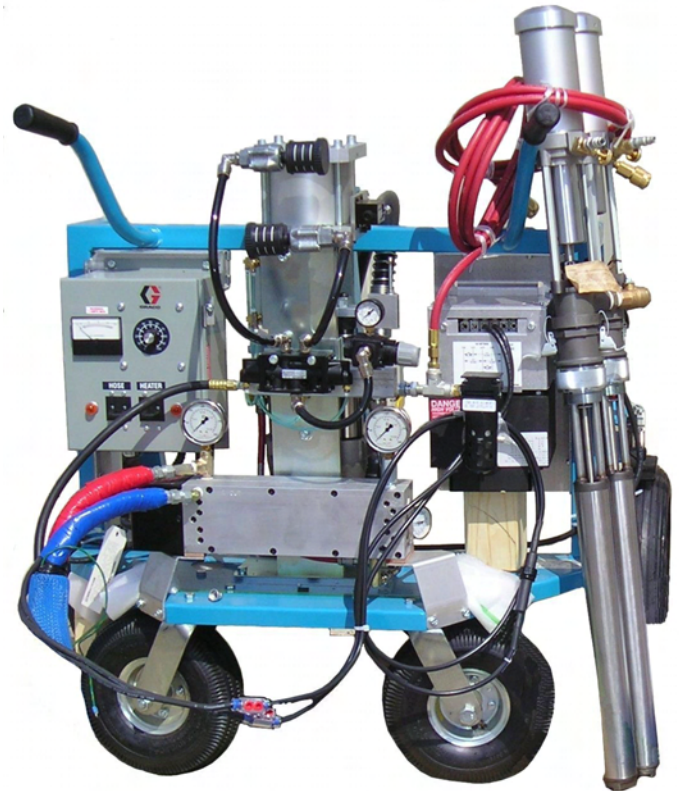

Upon receipt, we will

- ✓ Pressure Test your equipment
- ✓ Inspect and test run your machine
- ✓ Completely flush the A Side* with pump lube
- ✓ Change Pump lube in Lube Cup
- ✓ Retract pump cylinders
- ✓ Remove & replace desiccant canister
- ✓ Tighten packing nuts
- ✓ Pack transfer pumps in bath tubes with pump lube
- ✓ ISO feed hose will be replaced
- ✓ Inspect and test spray guns
- ✓ Clean all Screens
- ✓ Lubricate transfer pumps
- ✓ Test primary heat and hose heat
- ✓ 10 Day average turn around time
- ✓ If additional work is required you will be contacted with a quote before additional work is performed.

All for \$739.00

Note: Arrange pickup / return freight within 10 days of completion to avoid storage charges.

*Due to the nature of isocyanate, we cannot guarantee A hoses will remain crystal free.

Ask about our tower conversion kit:

- ✓ Convert your old Gusmer Predator to a new style Graco Predator.
- ✓ Longer lasting, lower maintenance Graco fluid pumps.
- ✓ Auto pump lube.
- ✓ No packing seals to leak or tighten.
- ✓ Integrated material inlet temperature gauges

Note:

After inspection, if additional repairs are deemed necessary you will be contacted before work is performed. Price for tune up service does not include parts or labor other than those specified.
